

2022/2023 PE AND SPORT PREMIUM DEVELOPMENT PLAN

EVIDENCING THE IMPACT & SUSTAINABILITY

Schools have a central role to play in supporting all children and young people to live healthy active lives. This is particularly true of primary school where the foundations of positive and enjoyable participation in regular physical activity should be established.

Crucial to achieving this is ensuring that pupils have access to at least 30 minutes of physical activity during the school day, alongside high-quality PE provision taught by confident and knowledgeable teachers and opportunities to experience and participate in a wide range of sports and physical activities. PE and sport premium grant funding should be used by schools towards these aims.

PE & Sport Premium: Government intent

Ensure that pupils have access to at least 30 minutes of physical activity during the school day, alongside high-quality PE provision taught by confident and knowledgeable teachers and opportunities to experience and participate in a wide range of sports and physical activities.

PE & Sport Premium: School intent

At Kingsley, we believe that Physical Education is a beautiful opportunity to develop the whole child. Children are entitled to a rich, broad and valanced PE curriculum. Through PE, children should develop behaviour and attitude that will benefit them throughout school life and beyond.

Key outcome indicators: Updated 2022/2023

Schools can use the funding to secure improvements in the following indicators;

Swimming: meeting the national curriculum requirements for swimming & water safety

Swimming and water safety are national curriculum requirements and essential life skills. The national curriculum requirement is that by the end of key stage 2, pupils should be taught to:

- swim competently, confidently and proficiently over a distance of at least 25 metres
- use a range of strokes effectively, for example, front crawl, backstroke and breaststroke
- perform a safe self-rescue in different water-based situations

You can use the PE and sport premium to fund the professional development and training that is available to schools to train staff to support high-quality swimming and water safety lessons for their pupils.

You can use your funding for:

- professional development and training that are available to schools to train staff to support high quality swimming and water safety lessons for their pupils
- additional top-up swimming lessons to pupils who have not been able to meet the 3 national curriculum requirements for swimming and water safety after the delivery of core swimming and water safety lessons. At the end of key stage 2 all pupils are expected to be able to swim confidently and know how to be safe in and around water

Schools are required to annually publish information on the percentage of their pupils in year 6 who met each of the 3 swimming and water safety national curriculum requirements

Outcome	2020/21	2021/2022	2022/2023

Accountability

It is a statutory requirement of schools to ensure that information on the use of the Primary PE and Sport Premium is available on your school website. One of the key purposes of putting information on the school website is to keep parents informed, so this information should be written in a format that is clear and easily accessible.

How to use & not use the funding

Schools must use the funding to make additional and sustainable improvements to the quality of the PE, sport and physical activity they provide.

This means that you must use the PE and sport premium to:

- build capacity and capability within the school to ensure that improvements made now are sustainable and will benefit pupils joining the school in future years
- develop or add to the PE, sport and physical activity that your school provides

Sustainable improvement

Making sustainable improvements should be considered as a priority. This is often achieved through developing and investing in the knowledge and skills of the teaching staff and other school staff who may have involvement in supporting a lasting change to the school's approach to physical activity, curriculum PE or provision of school sport.

Active mile

Active miles can be an effective way to make regular physical activity part of the school day. If schools choose to take part in an active mile, you should use existing playgrounds, fields, halls and sports facilities. It is not appropriate to use PE and sport premium funding to fund the cost of a specially constructed course.

What your funding should not be used for

You should not use your funding to:

- fund capital expenditure
- employ coaches or specialist teachers to cover planning preparation and assessment (PPA) arrangements - this should be funded from your core staffing budgets
- teach the minimum requirements of the national curriculum (or, in the case of academies and free schools, to teach your existing PE curriculum) - apart from top-up swimming lessons after pupils' completion of core lessons

Capital expenditure

Where schools have an existing capitalisation policy, you should use this policy to determine whether proposed spending would be considered to be capital expenditure. If a school does not have a capitalisation policy it remains for them to determine what qualifies as capital, but you might wish to use the following resources:

- local-authority-maintained schools: [consistent financial reporting framework: capital expenditure](#)
- academies: capital expenditure is defined in the [academies handbook](#) as: "capital assets or funding are those from which an entity expects to derive benefit for more than one year: typically land, buildings, vehicles and information technology. They are usually called fixed assets."

Small purchases should not be capitalised. Your school or trust should determine an appropriate (de minimis) value, below which transactions should be charged to revenue.

Accountability

You are accountable for how you use the PE and sport premium funding allocated to you. The funding must be spent for the purpose it was provided – to make additional and sustainable improvements to the PE, sport and physical activity offered.

As part of their role, governors and academy trustees should monitor:

- how the funding is being spent

- how it fits into school improvement plans
- the impact it is having on pupils

Schools and local authorities must follow the terms set out in the [conditions of grant](#). If a local authority or a school fails to comply with these terms, the Secretary of State may require the repayment of the whole or any part of the premium paid to the local authority or school.

Online reporting

You must publish details of how you spend your PE and sport premium funding by 31 July 2023 at the latest.

Online reporting must clearly show:

- the amount of PE and sport premium received
- a full breakdown of how it has been spent or will be spent before of the end of the academic year
- the impact the school has seen on pupils' PE, physical activity, and sport participation and attainment
- how the improvements will be [sustainable](#) in the future

You must also publish the percentage of pupils within your year 6 cohort in the 2022 to 2023 academic year who met the national curriculum requirement to:

- swim competently, confidently and proficiently over a distance of at least 25 metres
- use a range of strokes effectively, for example, front crawl, backstroke and breaststroke
- perform safe self-rescue in different water-based situations

Attainment data for year 6 pupils should be provided from their most recent swimming lessons. This may be data from years 3, 4, 5 or 6, depending on the swimming programme at your school. It is essential to retain attainment data from swimming lessons in years 3 to 5 to be able to report this accurately in year 6.

Review of online reports

School online reporting will be monitored by DfE. DfE will look at a selection of schools' online reports to confirm that use of the PE and sport premium described in the report meets the requirements outlined within this guidance and the [conditions of grant](#) document.

Where concerns or discrepancies are identified the department will make contact with the school to address and investigate these fully. In the event that any concerns are confirmed, appropriate and proportionate action will be taken against the school, which may include action to recover funding from the school.
